

Speaker 1:

I've nominated Jabeen for the Apprentice of the Year Award. You get trained, you start functioning as one of the team members within the team, but you are also doing your sort of college classes and studies on the side. So how she's juggled both and succeeded is just... Yeah, it's commendable.

Speaker 2:

She's actually assisting and helping and guiding the new apprentices who've just started on their journey.

Speaker 1:

I think she's probably the most knowledgeable person now on our team, which is a credit, and speaks volume for the apprenticeship, because there's a lot of stuff that she's learnt that she's able to share with the rest of the team. And that's been so valuable for our progression, as well.

Speaker 2:

She's a fantastic member of the team and really supportive, and I couldn't commend her enough.

Speaker 1:

She's very fun. She's very relatable and very personable.

Speaker 2:

Really well done. I'm so proud of you. You've done such an amazing job over the last two years and you've got a massively brilliant career ahead of you.
